LDO 629X (SUBMARINE COMMS)

DESIGNATOR DESCRIPTION

Submarine Communications Limited Duty Officers (submarine communications, information assurance, C4I) serve as technical managers in operation, employment, and application of techniques, equipment, systems and procedures in submarine communications, information assurance, security management, communications security (COMSEC) and Electronics Warfare (EW) with practical experience in these areas. They assist and advise commands in communication planning, direction and control, modernization and management of communication and information systems, and in the employment and utilization of associated performance of communications, information system and electronic warfare personnel; and assist in the administration of on-board training programs facilities and services.

They also may serve, but are not limited to only serving as, electronic material officers, communications officers, communications instructors, Information Assurance Managers, EKMS managers, Security Managers or in various operations and staff billets.
