## **CHAPTER 1.**

### **GENERAL UNIFORM REGULATIONS GOVERNING BOTH NAVY AND MARINE CORPS.**

1. Officers in authority shall assure themselves that all officers and enlisted men serving under them conform strictly to these uniform regulations. Particular attention is directed to the questions concerning uniform required to be answered in making out reports on the fitness of officers.

2. Officers shall set an example of neatness and strict conformity to regulations in uniforms and equipment. Enlisted men must be neat and trim in their persons and dress on all occasions.

3. Every person belonging to the Navy or Marine Corps is strictly forbidden to wear any dress or decoration other than that to which his grade or the law entitles him. No decoration received from a foreign Government, nor any other decoration or badge not specifically prescribed or authorized by these regulations, shall be worn exposed by any officer or enlisted man.

4. Officers and enlisted men on duty shall at all times wear the uniform of their respective grades, as prescribed herein or by the senior officer present, except as otherwise provided herein.

5. Officers serving in torpedo vessels and submarines shall not be required to wear other than service dress, except when they attend social or especially ceremonious occasions in their official capacity or visit foreign or civil officials. Crews of torpedo vessels and submarines shall wear the same uniforms as prescribed for other vessels, except as provided in article 51.

6a. Officers serving under acting commissions in time of war or for other special purposes, acting assistant surgeons appointed for three years' service in the Navy, and acting assistant dental surgeons are required to provide themselves only with the articles of uniform prescribed for service dress and white service dress.

6b. Naval Medical Reserve officers ordered to active duty shall be required to provide themselves only with the articles of uniform prescribed for undress, service dress, and white service dress.

7. Chiefs of bureaus of the Navy Department, upon occasions when uniform is worn, shall wear uniforms bearing the equipments and rank insignia denoting the rank of rear admiral and the distinctive devices of the corps to which they respectively belong.

8. An officer holding an acting appointment shall wear the uniform of the grade to which he is appointed until such appointment be revoked, when he shall resume the uniform and title of his actual rank.

9. An officer promoted may be authorized or ordered by a commander in chief or other officer in chief command afloat or at a shore station, or the commanding officer of a vessel acting singly, if satisfied that the promotion has been made, to assume the rank and uniform of the grade to which he has been promoted.

10. During divine service a chaplain may wear the vestments of the church to which he belongs.

11. Officers on the retired list on active duty shall conform to these regulations the same in all respects as officers on the active list; if not on duty, they are not required to wear or have uniform, but they may wear uniform in conformity with these regulations, except that in pattern their uniforms and equipments may be either as prescribed herein or as at the time of their retirement.

12. Officers suspended from duty by sentence of a court-martial, or on furlough or waiting orders for punishment, are prohibited from wearing uniform during the period of punishment.

13. When on duty, or when ashore in a foreign port, enlisted men of the Navy or Marine Corps, whether serving afloat or ashore, shall not wear any dress but their prescribed uniforms. Nonregulation outer or under clothing shall not be worn nor kept in the possession of enlisted men on board ship or within the limits of a shore station.

14. Parts of one uniform shall not be worn with parts of another, except as specified in these regulations.

15. Civilian's clothing may be permitted to be worn by officers and enlisted men as provided in the following paragraphs, but discretion must be observed in granting this privilege in foreign ports:

(a) Officers may be authorized to wear civilian's clothing when on duty at the Navy Department, Naval Observatory, or Marine Corps headquarters, or when employed on shore duty without troops other than at navy yards, shore stations, and recruiting offices.

(b) Officers on leave of absence from their places of duty, or having permission to leave the ship or station, may wear civilian's clothing, at the discretion of the senior officer present.

(c) Enlisted men may be permitted to wear civilian's clothing when on leave of absence or liberty in a home port, but they shall not be allowed to have civilian's clothing in their possession on board ship and must leave and return to the ship in uniform.

16. With civilian's clothing, officers of the Navy shall not wear any part of the uniform except the overcoat, cloak, or mackintosh. Officers of the Marine Corps shall not wear any part of the uniform with civilian's clothing except the raincoat or cape. Enlisted men of the Navy shall not wear any part of the uniform with civilian's clothing except the overcoat, jersey, underclothing, and shoes; enlisted men of the Marine Corps, none except underclothing and shoes.

17. The uniform for officers and men for the day or for any particular occasion shall be fixed by the senior officer present, with due regard to the duty to be performed and the state of the weather and, as far as may be practicable, in accordance with the provisions of Chapter 2 of these regulations. In any special case not definitely covered by Chapter 2, the senior officer present shall be guided in assigning the uniform by the general principles laid down in that chapter. As far as practicable, the officers and men shall wear corresponding uniforms. As a matter of routine, the uniform at posts and barracks of the Marine Corps shall be prescribed by the commanding officer.

18. In the fleet, the uniform of the day prescribed by the senior officer present shall be worn by officers of the watch; by all petty officers, signalmen, and others on watch above decks, and by running boats', steamers', and power boats' crews; by all persons above deck at "all hands" when going in or out of port; and generally by all officers and men above decks and in common living spaces; but commanding officers may prescribe or permit working dress for other persons, as may be most suitable to the exercise or duty of the ship at the time.

19. On all occasions of ceremony or duty, and on social occasions when officers attend in an official capacity, uniform shall be worn.

20. Mess dress or evening dress may be worn at dinner in the messes of commissioned officers. All members of any one mess shall appear in the same dress. After dinner officers not on duty may appear on deck in the dress worn at mess.

21. Officers on duty with enlisted men under arms on shore shall ordinarily wear service dress (undress or field dress for officers of the Marine Corps). On occasions of special ceremony, when special full dress or full dress is prescribed for other officers present, officers of the Navy on duty with enlisted men shall wear undress, with leggings, and officers of the Marine Corps shall wear such uniform as may be prescribed for them.

22. Leggings shall always be worn by officers and enlisted men of the Navy when on duty in the field or with a naval brigade or landing party, but never by naval or marine officers in special full dress

or full dress. Marines shall not wear leggings at ordinary drills under arms, unless specified, but when marines form part of a mixed landing force, leggings for marines shall be expressly specified, if the rest wear them.

23. Leggings shall always be worn by enlisted men of the Navy with any form of dress, when under arms for parade or ceremony, or infantry or artillery drill, or a landing party, or on guard detail, or when on duty ashore as patrol or beachmaster's guard, or as mail orderly. With leggings, high black shoes shall be worn, by naval officers and enlisted men.

24. (1) Swords shall be worn as prescribed in these regulations, and on other special occasions at the discretion of the senior officer present; at Saturday inspection, and other general inspections of the crew by the commanding officer; at parades, at infantry or artillery drills, at military formations on shore, or when leaving the ship, station, or garrison on military duty.

(2) The wearing of swords may be dispensed with in the field by order of the senior officer present.

(3) The sword shall be worn habitually hooked up, with the hilt inclining to the rear and the sling straps outside the scabbard. When mounted, the sword shall be worn unhooked. The prescribed sword belt and the proper sword knot (for all commissioned officers except chaplains) shall always be worn with the sword.

(4) When the sword is worn without other side arms, the sword belt shall be worn over the special full-dress and frock coats of officers of the Navy and over the full-dress coat and field coats of officers of the Marine Corps; and under the service coats of officers of the Navy and undress coats of officers of the Marine Corps.

(5) When worn with the overcoat without other side arms, the belt shall be worn under the overcoat, but the sword itself shall be worn outside of the overcoat, with the long sling of the belt passing through the rear slit in the coat and the short sling through the side slit.

(6) When the revolver is carried, the belt shall be worn outside of every coat, including the overcoat, the revolver being worn slightly in front of the right hip. The cartridge attachments worn with the sword belt shall be worn in front and to the right and left of the belt buckle. If only one cartridge attachment be worn, it shall be to the right of the buckle.

(7) At ordinary daily quarters on board ship, no arms shall be worn by officers unless their men are under arms, except on occasions when the drill instructions prescribe arms.

(8) Officers or men wearing side arms shall not remove their caps or other head covering except indoors.

(9) A petty officer on boat duty, in charge of a guard boat, or on other special duty, shall wear the service revolver belt, but this provision shall not apply to the coxswain of a boat, unless the boat's crew is armed.

25. No watch chains, fobs, pins, or other jewelry shall be worn exposed upon the uniform by any officer or enlisted man of the Navy or Marine Corps, except sleeve buttons and shirt studs as prescribed.

26. (1) Medals and badges, or their ribbons, shall be worn in the following order, from the center of the body toward the left shoulder, except the medal of honor, which shall be worn pendent from the neck:

- (a) Medal of honor ribbon;
- (b) Distinguished-service medal;<sup>1</sup>
- (c) Medal commemorating the battle of Manila Bay;
- (d) Medal commemorating the naval engagements in the West Indies;
- (e) Special meritorious medal for service during the Spanish War other than in battle;
- (f) Gold life-saving medal;
- (g) Silver life-saving medal;
- (h) Civil War badge;
- (i) Spanish campaign badge;
- (j) Philippine campaign badge;
- (k) China relief-expedition badge;
- (l) Cuban pacification badge;
- (m) Nicaraguan campaign badge;
- (n) Good-conduct medal;
- (o) Medals or badges awarded for service performed while in the Army, Marine Corps, or other branch of the Government, if not included among those specified above;
- (p) Medals or badges for excellence in gunnery;
- (q) Medals or badges for excellence in small-arms firing, in the following order: (1) Sharpshooter's medal; (2) expert rifleman's bar; (3) expert pistol shot's bar; (4) distinguished marksman's badge; (5) experts rifleman's badge; (6) sharpshooter's badge (not worn if 5 is held); (7) marksman's badge (not worn if 5 or 6 is held); (8) Marine Corps competition individual medal; (9) Marine Corps division competition medal; (10) medals given by the National Rifle Association for excellence in shooting at matches held under the cognizance of that association, worn in the order in which won.

(2) The wearing of the following badges (*q*, *r*, *s*) is optional with the holders; but if these or any of them are worn, none of the medals or badges awarded by the Government shall be worn at the same time with them:

- (r) Authorized badges of military societies in the order of date of the wars which they commemorate;
- (s) Badge of the Army and Navy Union of the United States;
- (t) Badge of the Enlisted Men's Abstinence League.

---

<sup>1</sup> If authorized by Congress.

(3) The badges referred to in subparagraph (q) of the preceding paragraph are the distinctive medals and badges adopted by societies of men who have served in the Army or Navy of the United States in the War of the Revolution, the War of 1812, the Mexican War, the War of the Rebellion, the Spanish-American War and the incident insurrection in the Philippines, and the China Relief Expedition of 1900. The law permits them to be worn upon all occasions of ceremony by officers and men of the Army, Navy, and Marine Corps who are members of said organizations in their own right. Persons who by right of inheritance and election are members of any of the above-named societies are members thereof in their own right.

(4) Medals and badges shall be worn—

(a) By officers of the Navy with special full-dress uniform.

(b) By enlisted men of the Navy with dress uniform on occasions of ceremony other than parades under arms on shore.

(c) By officers of the Marine Corps with special full dress or full-dress uniforms; and with other uniforms on occasions of ceremony when prescribed.

(d) By enlisted men of the Marine Corps with dress uniform on occasions of ceremony, and with other uniforms on occasions of ceremony when prescribed.

(5) Ribbons of medals and badges shall be worn—

(a) By officers of the Navy on the frock coat, the evening dress coat, the mess jacket when worn with dinner dress, and the white service coat when worn on occasions of ceremony in place of undress, dress, or full dress.

(b) By enlisted men of the Navy in dress uniform, except on those occasions when medals are prescribed, in 4 (b), above.

(c) By officers of the Marine Corps, always with undress, white undress, field (except when the coat is not worn), and mess uniforms, and with those uniforms only, except as limited by subparagraph (e) below.

(d) By enlisted men of the Marine Corps with dress uniform when medals and badges are not prescribed, and with field uniform (except when the coat is not worn), and with those uniforms only, except as limited by subparagraph (e) below.

(e) When officers and enlisted men of the Marine Corps are serving on board a ship of the Navy they shall wear the ribbons of medals and badges only under the same conditions as prescribed for officers and enlisted men, respectively, of the Navy.

(6) Medals and badges having no ribbons shall be worn only when other medals and badges are worn, except that an officer or enlisted

man who has been awarded a gunnery medal or badge, an expert rifleman's badge, a sharpshooter's badge, or a marksman's badge shall wear it as prescribed in paragraph (1) of this article when the ribbons of medals and badges are worn, one-fourth of an inch below the center of the row of ribbons.

(7) Medals, badges, or ribbons shall not be worn on the overcoat.

(8) The medal of honor shall be worn pendent from the neck. Other medals and badges shall be worn on the left breast, in one horizontal line, suspended from a single holding bar, the upper edge of which shall be, for officers of the Navy and Marine Corps and for enlisted men of the Marine Corps, midway between the first and second buttons from the top of the coat, and for enlisted men of the Navy on a line 1 inch below the point of the shoulder (by the point of the shoulder is meant a point in front halfway between the top and the bottom of the shoulder joint). The holding bar, which shall not be longer than from front center line of the coat to the armhole seam, shall be so placed upon the uniform that its center shall be at a point midway between the front center line of the coat and the left armhole. When a medal or badge has an exposed bar at the top of the ribbon such bar shall be mounted on the front of the holding bar or shall form a part of such bar, and where there are several such exposed bars on a single medal or badge the uppermost bar shall be so mounted. When the number of medals and badges to be worn is so great that they can not all be suspended from a holding bar of the prescribed length and at the same time be fully seen, they shall overlap sufficiently to permit them all to be mounted on the bar, each medal or badge partially covering the one on its left, and the right-hand one showing in full, the overlapping being equal for all of the medals and badges worn. The holding bar for the suspension of medals and badges shall be of metal or other material of sufficient stiffness and shall be wholly covered by the ribbons or exposed bars.

(9) Ribbons of medals and badges shall be worn in a horizontal row, clear of the lapel and, so far as practicable, at the same height and in the same order and manner as prescribed above for the bar of medals and badges. They shall be in length equal to the full width of the ribbon attached to the medal or badge and three-eighths of an inch wide and sewed on the cloth of the coat, with sufficient stiffening to keep them from wrinkling, without intervals, or worn on a bar and pinned to the coat, provided no portion of the bar and pin be visible. If there is not sufficient room to wear the ribbons in one row they shall not be made to overlap, as in the case of medals, but shall be arranged in two or more parallel rows, placed one under the other with an interval of one-quarter inch between the bottom of one

row and the top of the next, the top row being placed as above described.

(10) (a) Medals and badges, and their ribbons, shall be worn by the two services (Army and Navy) in the same order of arrangement; medals or badges for future campaigns shall be the same for both services; and all ribbons for the same campaigns shall be the same for both services, the following changes to be made in the existing ribbons:

(b) The Navy ribbon for the Philippine campaign shall be the same as the Army ribbon for the Philippine Insurrection (crimson, blue, crimson, with narrow blue edges).

(c) The Army and Navy Civil War ribbon shall be two stripes of watered silk, blue and gray.

(d) Both Army and Navy ribbons for the War with Spain badge shall be blue, yellow, blue, with narrow yellow edges.

(e) The Navy ribbon for the China Relief Expedition shall be the same as the Army ribbon—yellow, with narrow blue edges.

(f) For the medal of honor and the distinguished service medal, for which it is recommended to seek legislation applying equally to officers and enlisted men of the Army, Navy and Marine Corps, the ribbons shall be the same as now prescribed, respectively, for the Army medal of honor—light blue silk, with white stars; and for the certificate of merit badge—narrow central white stripe, then three stripes, red, white, and blue on either side.

(g) An officer or enlisted man of the Army, Navy, or Marine Corps shall be allowed to wear any medal or badge awarded him by the Government during previous service in any other branch of the Government.

(h) Rosettes or buttons are authorized for all service medals and badges, for optional wear with civilian clothes, to consist of the ribbons of the respective medals made up in rosette form.

27. The officer of the deck shall wear gloves and carry a binocular or spyglass in port; and at sea he shall carry a binocular and have a deck trumpet or megaphone directly at hand.

28. The cloak or mackintosh may be worn in inclement weather, except at drills, exercises, and ceremonies, or when specially prohibited.

29. Gloves shall always be worn with the sword on occasions of ceremony, except by Marine officers in summer field dress. The senior officer present may prescribe gloves at any time.

30. The badge of official mourning shall consist of a black crape band 3 inches wide and about 20 inches long knotted upon the sword

hilt, and a black crape band 3 inches wide worn on the left arm above the elbow.

31. The hair, beard, and mustache shall be worn neatly trimmed. The face shall be kept clean shaved, except that a mustache, or beard and mustache, may be worn at discretion. No eccentricities in the manner of wearing the hair, beard, or mustache shall be allowed.

32 a. The use of sheath knives on board ship by the crew is forbidden, but every man of the seaman branch shall carry a jackknife.

32 b. Knife lanyards do not form part of the uniform, but may be worn in working dress or at work requiring a knife, either around the neck or waist, as most convenient.

33. A sick-list badge, consisting of an arm band of white cotton 2 inches wide, shall be issued by the medical officer to each enlisted man on the sick list, to be worn on the right arm above the elbow. The badge shall be distinctly marked in black block figures with a number, to be entered upon the sick list furnished for the use of the officer of the deck. When a man's name is removed from the sick list, he shall return his badge neatly washed to the dispensary.

34. The Geneva cross brassard shall consist of a band of white cotton bearing a red Geneva cross, painted or stitched on the band, to be fastened around the upper part of the right arm over the outer garment. The band shall be 4 inches wide, the cross 3 inches in height and width, and the arms of the cross 1 inch wide.

35. Commissary stewards shall wear the same uniform as chief commissary stewards, except that the rating badge shall bear the chevrons of a petty officer, first class, instead of a chief petty officer.

36. In warm weather chief petty officers may take off the coat and waistcoat when on duty below the main deck.

37. Overshirts, jumpers, trousers, and underclothes shall be fitted with eyelets for stops.

38. Cooks at work in the galleys shall wear white undress without neckerchiefs, and white aprons. When not on duty there, they shall wear the uniform of the day. Messmen while performing their duties as such shall wear white undress, without neckerchiefs (marines, the corresponding uniform), and they may wear this uniform any time below decks, but at quarters and off duty they shall wear the uniform of the day. Mess attendants on board ship shall at all times wear the white jacket, with white or blue trousers, according to the prescribed uniform of the day. When leaving the ship, they shall wear the same uniform as other enlisted men.

39. The jersey may be worn, by men for whom prescribed, as an outer garment from sunset until 8 a. m., either in place of the over-shirt or jumper or over it. During the day the jersey may be prescribed as an outer garment for drills, exercises, or working parties

on board ship, in boats, or on shore at a navy yard or naval station, to be worn in place of or over the overshirt or jumper. As an additional undergarment, the jersey may be prescribed to be worn under the jumper or overshirt; and boatswain's mates, coxswains, quartermasters, signalmen, sentries, and others whose duties keep them exposed to the weather without sufficient exercise or work to keep them warm, and liberty men, may so wear it, night or day, even when not prescribed for the whole ship's company. At training stations, the jersey shall be worn only as an outer garment, and only when prescribed. The jersey shall not show below the overshirt or jumper and shall never be worn without an undershirt nor be tucked inside the trousers.

40. At sea and in isolated anchorages for target practice or similar service, when hot weather or other conditions render it desirable, the uniform of the day for enlisted men may be modified by omitting the jumper, chief petty officers leaving off the coat and wearing white shirts, with belts instead of suspenders for the trousers. This uniform will be indicated by signal, and particular care must then be taken that none but clean uniform undershirts are worn and that a neat appearance is preserved at mess. Jumpers will be resumed at the supper hour. All cooks, mess attendants, members of the guard, and persons that have occasion to enter officers' quarters shall not wear this uniform, and running steamers' crews will be exempted unless otherwise especially directed. A morning signal fixing the uniform the same as the day before will not apply to this variation; a new signal will be required for each day. Commanding officers may exempt such men from omitting the jumper or overshirt as they may think advisable, lest it be a hardship to some who, being off watch, for instance, have no work to perform; but in units, such as boats' crews or signalmen, all must be dressed alike.

41. Shoes, neatly blacked, shall always be worn with dress and undress, except that, with the latter, when the decks are wet or in hot climates or in boats, shoes may be dispensed with unless the men are to go ashore for any purpose. Shoes should be dispensed with whenever practicable in boats, all men in the crew being in uniform in this respect; but in steam or power boats the coxswain and engineer force may wear shoes while the others are barefoot. Tan shoes may be ordered for marines when in white trousers and shall be worn by them when in field dress, or when leggings are prescribed.

42. The watch cap may be worn at sea by men for whom prescribed, but not during day watches in port, except in foul or severe weather, cleaning, or refitting, if so ordered or permitted by the senior officer present, or coaling ship. It shall not be worn by chief petty officers, officers' stewards and cooks, bandsmen, or marines.

43. Underclothing shall always be worn. Unless a particular weight of underclothing is prescribed, enlisted men may wear heavy, medium, or light, at discretion. No underclothing is regulation unless drawn from official sources.

44. Headgear shall be white by day when white is prescribed for any other portion of the uniform, except when white trousers are prescribed with dress uniform for the Navy, or special full dress or full dress for the Marine Corps. White caps or white trousers or both may be prescribed with service dress and undress uniforms, white caps being always worn when white trousers are prescribed with these uniforms. White caps shall not be worn with the naval evening dress coat or the Marine Corps blue mess jacket.

45. Overcoats may be ordered for officers or men or both when appropriate. When overcoats are worn, epaulets shall be dispensed with. Overcoats may be worn by officers and men, on or off duty, at sea or in port, on board their own ships, when the uniform of the day is service dress, unless overcoats are expressly ordered not to be worn; but when called to quarters, only the prescribed uniform shall be worn. Under similar conditions, overcoats may be ordered for a whole boat's crew, without reference to the senior officer present.

46. The overcoat prescribed for enlisted men (not chief petty officers) may be worn by officers on duty on board their own ships or at exercise in boats; but not by officers of the watch while colors are hoisted, except at sea or during general cleaning or coaling, nor by any officers at quarters for inspection or other ceremony. Stripes shall be worn on the sleeves as on the regular uniform overcoat, article 93.

47. Rain clothes, with or without rubber boots, may be worn by officers and men in foul weather, at sea or in port, including getting under way and coming to anchor, and also by whole boats' crews, unless specially ordered not to be worn. When the weather is too cold to go barefoot, men may wear rubber boots during wet weather or while washing down the deck, but rubber boots shall not be worn by the crews of steam or power boats.

48. Dungarees may be worn on board cruising vessels:

(a) By the engineer and dynamo-room force while on duty.

(b) By gunner's mates, turret captains, electricians, mechanics, and men regularly detailed as helpers or strikers in turrets or in care of machinery below decks, instead of white working dress, while employed at work that would damage the white uniform.

(c) By the engineer crews of steamers and power boats.

Dungarees shall not be worn nor had in possession by other men.

49. Officers shall limit their wearing of dungarees to the actual requirements of duty. They shall not wear them for duty above decks for which worn blue or white clothing would suffice.

50. Dungarees shall be worn by officers and men as a complete suit, with the hat or cap prescribed for the day. They shall not be worn at mess, except by engineer and dynamo force about to go on watch and engineer crews of steamers, and then only when the dungaree suits are clean.

51. Submarine vessels' officers and crews may wear dungaree suits when on duty on board the submarines. Officers and crews of other torpedo vessels shall conform to the regulations for other types of vessels concerning wearing dungarees.

52. All wearing apparel drawn from a pay officer or from the quartermaster's department of the Marine Corps shall be considered uniform.

53. Clothes made by the men for themselves, made by ship's tailors for them, or received by them from other than official sources, shall conform strictly in material, pattern, and making-up to those issued by the Government; and no devices for blue or white caps, rating badges, distinguishing marks, apprentice marks, service stripes, braids, or cap ribbons, other than those issued by the Government, are to be used by enlisted men under any circumstances. Fancy stitchings and embroidery are forbidden. Enlisted men of the Marine Corps shall wear only clothing and equipment drawn from the quartermaster's department of the Marine Corps. All clothing not drawn from Government sources shall be inspected by the division officer before being worn.

54. Standard samples of every article of enlisted men's uniforms shall be kept at the naval clothing factory, or in the quartermaster's department of the Marine Corps. The articles issued to ships shall conform in every respect to the standard samples, and no change shall be permitted without the sanction of the Secretary of the Navy. Pay officers of ships will be supplied with a set of paper patterns of sizes 3 and 5 of the overshirt, and 4, 8, and 12 of the trousers, for the use of enlisted men in making clothing.

55. The clothes, arms, military outfits, and accouterments furnished by the United States to any enlisted person in the Navy or Marine Corps, or required by such persons as a part of their prescribed uniforms or outfits, shall not be sold, bartered, exchanged, pledged, loaned, nor given away, except by competent authority therefor.
