LDO/CWO OFFICER COMMUNITY MANAGERS NEWSLETTER

A quote from our Flag Sponsor:

"The Navy's LDO and CWO communities are critical to the Navy's success. Their technical expertise and seasoned leadership provides an invaluable bridge between the hands-on technical work of the enlisted Sailors and the tactical leadership of the officers in the wardroom. Throughout my career I've benefitted from having many LDO and CWO mentors, and as the flag sponsor for this group of professionals I've been privileged to observe their continued growth."

*Rear Admiral Donald Quinn
Commander, Naval Education and Training Command*

Head OCM's Corner:

A great quote from our Flag Sponsor! It proves that your mentorship does not go unnoticed. Keep up the exceptional work in the wardroom and on the deckplates.

Feels good to be back on the road again. Appreciate your patience as we get caught up with your emails and phone calls. Our trips to San Diego, Jacksonville, Mayport, Pensacola and Kings Bay (GA) were a huge success. The opportunity to provide face-to-face LDO/CWO Officer Community Health and Applicant briefs in those Fleet concentration areas is absolutely critical in ensuring we keep our constituents up to speed on Sustainability Initiative/Community updates and imperative in attracting the requisite amount of qualified Sailors for our program.

NEXT STOP: Guam, Yokosuka and Atsugi Japan. Below in the "2013 Road Show Fleet Engagement Schedule" column, you will find the schedule for that trip. Email Leo directly with any questions: julio.peterson@navy.mil.

From the May 2012 Lariat:

INTERVIEW SHEET AND SERVICE RECORD REVIEW DISCONNECT

A big part of the road show brief is talking about how to conduct a good interview board with applicants. This critical step ensures we are getting our best and brightest, and that they understand what they are getting into. Unfortunately feedback from the boards is indicating a big disconnect between interview marks and what the service record reflects. Initially I thought the issue was a great record but tough grading due to poor boarding. It turns out it's just the opposite – mediocre records are getting all 10's and therefore losing their effectiveness/value to the board.

The first order of business before the interview is to review the package (and I would strongly recommend having the last five evaluations too). If you are reviewing a mediocre package, or evaluations that never break out in traffic, then you shouldn't be awarding 10's. The right course of action is to tell them what they did well on but also address deficiencies. You should also offer corrective measures to overcome them and follow up with mentorship to get them there.

Leadership is often times doing what is not necessarily popular, but is the right thing to do. You set the tone of how the message will be received but we cannot give up our leadership just to do the nice thing – you need to do the right thing! I have heard from a few of the board members that they would like to send back some of these "10s" with a poor package right back to the person that endorsed them as their new division officer – if you ask me, that is a pretty good rule of thumb. Are they ready to be your division officer? If not then mark accordingly, i.e. less than a 10. The bottom line is you must do the right thing for our community and for the Sailor being interviewed.

PENDING UPDATES

Below is the status of several items that we are working on including updates to various instructions where applicable (**marathon, not a sprint**):

TEMPORARY Officer Status for LDOs

- Starting with the 1 February 2013 LT Promotion message, the removal of temporary status for LDO LT's is being implemented. We're currently working the timeline to eliminate all temporary appointments resulting in permanent appointments at initial commissioning to Ensign. More to follow on this in the coming months.

OPNAVINST 1210.5, Lateral Transfer and Redesignation / WOBA Off-Ramps

- **In staffing.** This will define the Off-Ramp policy and establish the methods for those communities designated for Off-Ramp.

OPNAVINST 1420.1B / Enlisted Commissioning Programs

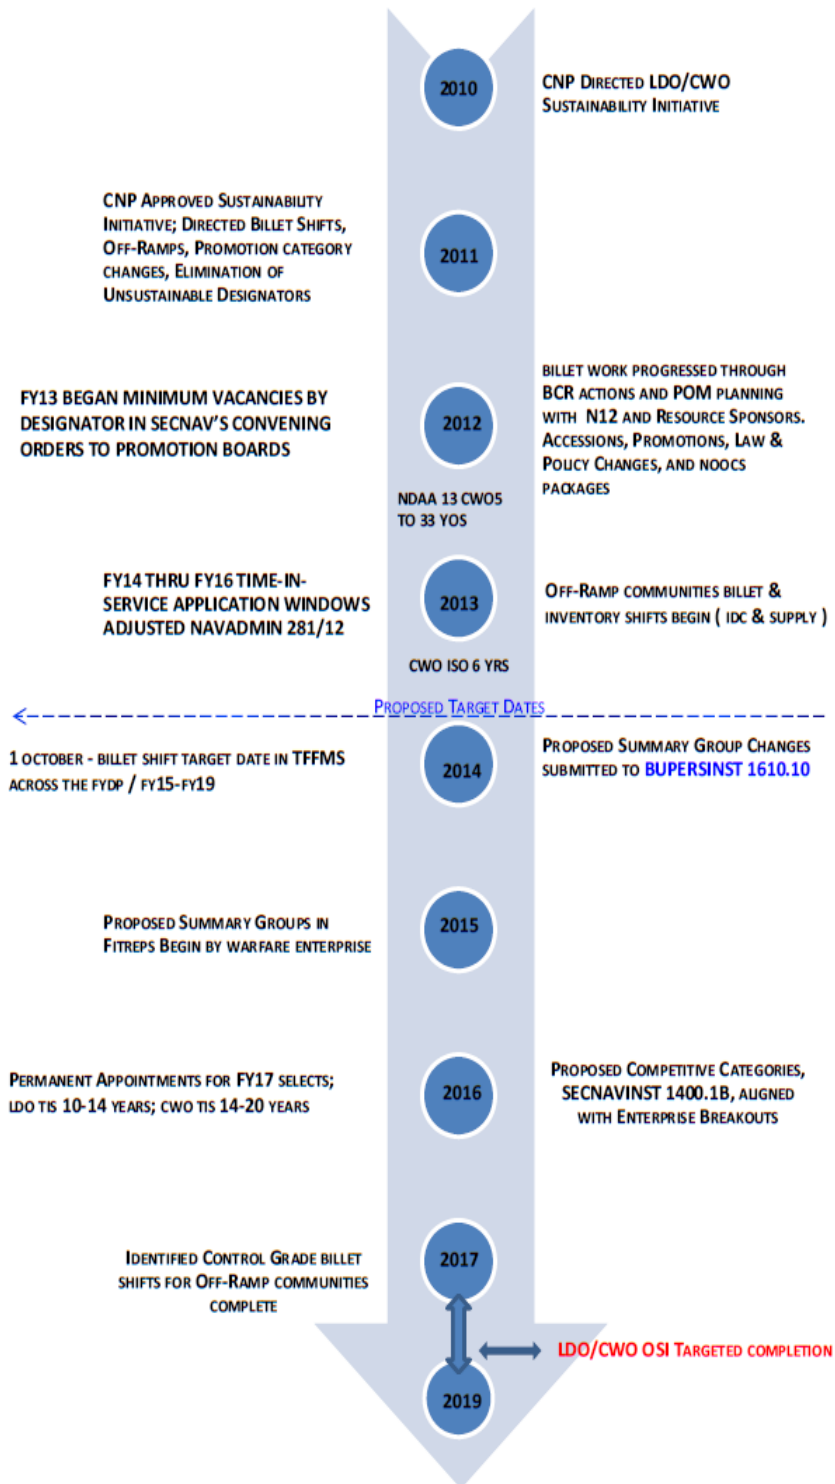

- **In staffing.** These changes will reflect many of the policy issues currently covered by the annual announcing NAVADMINs.

SECNAVINST 1400.1B

- Work continues toward a better solution in dividing up the competitive categories, with possibly a breakdown by Enterprise and establishing a separate LDO & CWO category outside of the Restricted Line Competitive Categories.

LDO/CWO Sustainability Timeline (future proposed)

This is the basic completed and proposed timeline of events for our community initiative:

THE TRAIL AHEAD

OCM BIG TICKET ITEMS (as explained in detail in the March 2013 Mustang Lariat)

- Sustainability Initiative: Billet shifts targeted for 1 Oct 2014
- Permanent Appointments for LDOs: Targeted for FY17 accessions; 1 Oct 2016
- CWO Uniform Change: Uniform Board panel vote on 6/3/13
- Promote by Enterprise/Designator: Targeted for FY17 Promotion Boards
- Off-Ramp Initiative: Targeted to start in FY13, still pending policy decision

MEDICAL WAIVERS

BUMED is the authority for reviewing and recommending all medical waivers for officer commissioning. Command Medical Staff and Medical Treatment Facilities, must work with BUMED to resolve any or all medical waiver issues. This will require a formal request to BUMED on behalf of the examinee. If an examinee is found to have a condition or a history of a condition that does not meet the standards for commission; only the Chief, BUMED, has the medical authority to recommend a waiver of the physical standards to the Commander charged with commissioning the applicant which is CNPC. See MANMED Chapter 15, 15-4 and 15-30 para (3). Below in the link to the MANMED;

<http://www.med.navy.mil/bumed/comms/Documents/MANMED%20CHANGE%20126%20with%20changes%20128%20130%20135%20136%20and%20137%20incorporated.pdf>

Commanders/Commanding Officers/OICs must keep NPC (PERS-803) informed of any medical waiver information that may render a selectee no longer qualified for an officer appointment per OPNAVINST 1420.1B, chapter 7 including physical standards, standards for commission, and LIMDU. Such information will be forwarded to:

Navy Personnel Command (PERS-803)
5720 Integrity Drive
Millington, TN 38055-8010

Each year's announcing NAVADMIN also clearly states "that members must maintain eligibility requirements throughout the selection and promotion process."

TIME-IN-SERVICE WAIVERS

Time-in-Service (TIS) adjustment and waiver limits were announced last year in NAVADMIN 281/12 as signed by CNP. These TIS windows and waivers will be strictly adhered to as we make adjustments to meet community health sustainability initiatives:

FY-15: Eligibility will be 8-14 years for LDO and 14-21 years for CWO. **LDO TIS waivers greater than 15 years will not be considered. CWO TIS waivers of less than 13 years will not be considered.** CWO TIS waivers up to 22 years will be considered for all CWO applicants.

FY-16: Eligibility will be 8-14 years for LDO and 14-20 years for CWO. LDO TIS waivers greater than 14.5 years will not be considered. CWO TIS waivers less than 14 years will not be considered. CWO TIS waivers up to 22 years will be considered for Master Chief Petty Officers only."

The LDO/CWO OCM has confirmed and reiterates the waiver limitations as stated in the NAVADMIN 281/12.

Mission

The Limited Duty Officer and Chief Warrant Officer Community support the war-fighting capability and readiness of Naval Forces through leadership, technical proficiency, and experience. We are the primary manpower source for technically specific billets not best suited for traditional Unrestricted Line, Restricted Line or Staff Corps career path Officers. Using critical enlisted experience, we are committed to the continuous leadership, improvement, training and mentoring of Sailors.

Vision

We will achieve and maintain the highest degree of technical excellence within our specialties in order to ensure we are poised to continuously contribute to the war-fighting capability and readiness of Naval Forces.

Fundamental to this vision is our ability to constantly strive for improvement through training, education, qualifications, and being fully integrated with our fellow wardroom members. We will seek out the toughest challenges in our command and do our utmost to positively influence them.

We will at all times maintain the highest standards of personal integrity, setting the example for those with whom we work and those who we lead. We will always be personally and professionally prepared to support the manning requirements of the Navy and ask for the most challenging assignments commensurate with our rank.

We are a community with great pride and history. We will honor those who paved the way for us by remaining humble through our actions and actively searching for and mentoring those Sailors who possess the technical expertise and leadership traits required in a wardroom in order to groom them to one day relieve us. Our success will be known to those who follow us by the reverence in which our community is held by the Navy.

Did you know? - Heritage: By 1948, the Navy realized that it often lost critical skills and knowledge that was learned as enlisted men or warrant officers when these individuals were promoted to commissioned status in the unrestricted line community because, all too often, this "Mustang" officer was not competitive for promotion with other commissioned officers. To retain these skills and to provide a fair competitive position for officers promoted from the ranks, the LDO program was established. In 1948, the LDO category was established under the Officer Personnel Act of 1947.
